From

The Dy Comr, Kolar Dt:

No 944 Dated 26 3.12 Received 3 4 12

Diary No 55-99	Enclos 4	Spare Copies —	Serial No 1

BRIEF ABSTRACT OF LETTER

Submits for sanction an estimate amounting to Rs 2007 for Constructing a slaughter house and Market at Chintamani and proposes to meet 3/4ths of the Cost out of the Current year's grants.

NOTES AND ORDERS

Under the Health Scheme orders all schemes involving an expenditure of over Rs 1000 shall be submitted to the Central San. Board for opinion. The G S Bd however resolved at their very first meeting that this

3 The design submitted is a Combined Slaughter house & meat-Stalls. Half the building is to be used for slaughtering sheep & the other half for selling the meat.

The portion set apart for slaughtering Sheep & Lambs merely a matchshop - - - a Slaughter house. Sheep should not be Slaughtered in the presence of their kind this piece of Cruelty could not be permitted in any Slaughtering place & the designs submitted thus cannot be possibly accepted.

— Contd sheet

IV

In a Slaughter house there should be a separate place for Slaughtering & Skinning & a Separate putting place with plenty of fresh Cold air. There should also be a Separate Cutting room.

The Stalls portion would be if approved platforms 3 feet high & 6 feet wide to provided with hooks for each stall holder to hang the carcasses on

The design as at present is not good, in fact it is decidedly bad & requires to be modified a little before it could be approved.

At my request Mr. Khare the Sanitary Engineer has put up the drawings herewith submitted. If there are sufficient funds the dimensions of the different rooms might be cut short but the plan of the building should accord with the drawing (Blue prints) The blue prints might kindly be returned after taking copies of the same

KOLAR DISTRICT.

To

C. S. Balasundaram Ayya Esqr. B.A.
Offg: Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments,
Bangalore.

Sir

I have the honor to submit herewith a plan and an Estimate for Rs 9,000/- for constructing a Slaughter House and market in Chiknayakanahalli Town and to state that, at present, there is no seperate Slaughter House in such an important Town as Chiknayakanahalli, the present arrangement of slaughtering animals in open shops much exposed to the public view being unsatisfactory and very unsightly the construction

of a separate house for the purpose is a desideratum and the Municipal Board of Chittagong have therefore proposed that this work should be undertaken out of Rs 1,500/- budgeted for "Buildings original c 2 Y" in the current year, in preference to others the balance of cost of the work being paid in the next year's Budget provision.

I request that the Board's proposals be approved and early sanction accorded to the estimate. A copy of the Board's resolution is enclosed.

I have the honour to be
Sir,
Your most obedient servant,

No 8247
mc 267-4-2 Dated 8th May 1912.

Sir

In my letter No 944 dated the 26th March 1912 submitting for sanction a plan and an estimate amounting to Rs 2,000/- for constructing a Slaughter house and market in the Chintamani Town

---

Referring to the above, I have the honor to forward herewith an extract from the Sanitary Commissioner's note thereon dated the 23rd April 1912 together with blue prints of a standard Sheep Slaughter house suitable for

for 12 sheep and a sheep pen attached to it and to request that the plan of the proposed slaughter house may be altered so as to be in accord with the design of the blue prints, the dimensions of the different rooms being altered, if necessary, so as to suit the requirements of the Chairman Town and the estimate passed accordingly and resubmitted together with the blue prints.

The plan and estimate together with the Vernacular papers, received are herewith returned

"By order"

Sdy K. Mylan Rao

for Offg. Secretary to Govt

The design submitted is a combined Slaughter house and meat Stalls. Half the building is to be used for slaughtering Sheep and the other half for selling the meat.

The portion set apart for slaughtering Sheep seems merely a make shift for a Slaughter house. Sheep should not be slaughtered in the presence of their kind. This piece of cruelty should not be permitted in any Slaughtering House.

In the designs submitted this cannot be possibly avoided

In a Slaughter house there should be a separate place for slaughtering and skinning and a separate place

with plenty of water laid on. There should also be a separate sitting room.

The stalls portion would be of a raised platform 3 feet high and 4 feet wide is provided with hooks for each stall holder to hang the carcasses on.

The design as it stands is not good, as it is decidedly bad and requires to be modified on the lines indicated before it could be approved.
